Mount St. Mary's COVID-19 Vaccination Policy

Mount St. Mary's University is requiring all students who will be on the Emmitsburg campus to be vaccinated for Fall 2021. New students must upload their vaccination cards to MyMount using their Mount student email and password. Once you are logged into MyMount, look on the right side of the MyMount screen for COVID-19 Resources. Click on Vaccination Verification. Your student ID number and name will already appear on the form. You'll be asked to indicate the date of your final vaccination, then manufacturer, and then to upload the front of your vaccination card. At this time you can upload a photo or scanned copy of your vaccination card. All vaccination cards must be uploaded by July 31st.

Exemptions from this policy may be made for medical or sincerely held religious beliefs but must be documented and approved in advance. Both exemption forms can be located on the Health Services website. New students requesting consideration for exemption should complete the form and email it to: VPStudentLife@msmary.edu as soon as possible. All requests for this accommodation will be kept confidential.

For more information on the Mount's COVID-19 vaccination policies, go to <https://msmary.edu/vaccines>.
