

IMPROVING BLENDED/ONLINE INSTRUCTION

One Credit Courses for the Summer

PROFESSIONAL DEVELOPMENT SUBTERM 1: First 5 weeks 06/01/20 -07/03/20				
COURSE	COURSE TITLE	CREDITS	PROFESSOR	LOCATION
MEDUC699 A	(ONLINE) USING TECHNOLOGY TO INCREASE TEACHER EFFICIENCY	1	Keyser, Casey	ONLINE
Wednesday, June 3 start via Canvas Conference (BBB) 6 PM. All other classes will be asynchronous online.				
This one credit course will provide methods to support the use of digital tools and resources to increase teacher efficiency in the classroom. Strategies for using online grading tools, project-based learning, flipped classroom design, gamification, and classroom management with technology will be provided in the context of the teacher's classroom as they prepare for the next academic year.				
COURSE	COURSE TITLE	CREDITS	PROFESSOR	LOCATION
MEDUC699 B	(ONLINE) UNDERSTANDING & IMPLEMENTING BLENDED LEARNING IN YOUR CLASSROOM	1	Packard, Michelle	ONLINE
Tuesday, June 2 start via Canvas Conference (BBB) 6 PM. All other classes will be asynchronous online.				
Blended learning is more than completing worksheets and submitting them online. It's redefining your teacher role and allowing students the opportunities and choices to learn in ways most meaningful to them. This one credit course will explore several models for blended learning and the technology tools associated with effective implementation.				

PROFESSIONAL DEVELOPMENT SUBTERM 2: Second 5 weeks 07/06/20 -08/07/20				
COURSE	COURSE TITLE	CREDITS	PROFESSOR	LOCATION
MEDUC699 C	(ONLINE) TECHNOLOGY TOOLS FOR BLENDED LEARNING	1	Wade, Rodney C.	ONLINE
Monday, July 6 start via Canvas Conference (BBB) 6 PM. All other classes will be asynchronous online.				
This one credit course is the companion to Understanding and Implementing Blended Learning in Your Classroom. In this one credit course, specific tools to support the blended learning pedagogy are explored and teachers create products for their own classrooms. Tools to develop playlists, screencasts, and interactive media presentations will be presented.				
COURSE	COURSE TITLE	CREDITS	PROFESSOR	LOCATION
MEDUC699 D	(ONLINE) INTEGRATING TECHNOLOGY IN THE CLSSROOM FOR THE SPECIALS TEACHER	1	STAFF	ONLINE
Tuesday, July 7 start via Canvas Conference (BBB) 6 PM. All other classes will be asynchronous online.				
Technology tools can be a great asset in the specials classroom too. This hands-on, one credit course will have the specials teacher using virtual fieldtrips, formative assessment tools and games, screencasting, creating video, and using QR codes to make teaching and learning in the art, music, health, and physical education classroom more engaging and fun.
